It gives me great pleasure to say a few words in favour of the practical value of this information resource created by Alan Mercel-Sanca on behalf of the UK-Nepal Friendship Society. As I understand, it covers a comprehensive range of important topics for international students in the UK. The Embassy of Nepal is delighted to welcome and support all the Nepalese students studying in the UK or intending to start their studies at the UK universities, languages schools and public colleges by providing them information on safer and more fulfilling learning and living environments in the host country.
