

PRESS RELEASE: Wales-Nepal Trade Links - 6th March 2018

Wales – Nepal Trade & Business Announcements made at the Royal Hotel, Cardiff

The UK Nepal Friendship Society (UKNFS) announced the launch of an important set of Wales – Nepal trade and business in the famous Captain Scott Room at the Royal Hotel in Cardiff (<https://www.royalhotelcardiff.com/captain-scott.html>); following a UK Nepali Community Organisations Leads delegation visit to the Welsh Assembly at Cardiff Bay.

The historic and auspicious setting for the business and trade announcements was an appropriate venue given the scope and nature that included Tourism, upland/marginal farming, Hydropower & energy engineering with software and electronics dimensions. Private sector representatives from Cydweithio Ltd, Gnergy Ltd, Machinists Inc., Nemein Ltd, Things to do In Ltd were present.

NOTES TO EDITORS

- **UK Nepal Friendship Society (UKNFS)** is a not for profit organisation whose official patron is His Excellency the Ambassador of Nepal to the UK that exists to support the UK Nepali community working directly with key UK Nepali representation organisations on practical initiatives. In Nepal-UK relations UKNFS facilitates a range of projects including employment generation utilising business links between the two countries that are linked directly to social return at grass roots community level by UKNFS.
- **Cydweithio Ltd.** is a lead in SME supply chain coordination within the Welsh software and electronics industry. The founder and Managing Director (CEO) was appointed onto the latest national ESTnet Board made up of the most prominent and active figures and companies within the Welsh software & electronics industry.
- **GnERGY** is a new breed of community energy suppliers in the UK. Providing Gas and Electricity in an open and honest way. Truly putting the customer at the heart of everything they do as a Gurkha based enterprise being run and managed by ex-Gurkha Servicemen.
- **Machinists, Inc. (MI)**. MI supplies from single parts to complete manufacturing systems and is a global problem solver in cutting-edge manufacturing processes and supply chain management. It supports key industries such as Aerospace, Marine, Defense, Hydroelectric, Wind Energy and Transportation.
- **Nemein Ltd.** - is an award winning company, was founded in 2013 in South Wales by Suzannah Bourne and Lawrence Till, engineers with complimentary skills, significant industry networks and a vision of building a global, sustainable, high-tech international business in the energy sector.
- **Things to do in Ltd.** - is a local on-line business and attractions advertising directory
